PROJECT LOCATION: _____

NOTE TO PERMITEE:

- Owner shall submit site plan showing location of driveway with permit application.
- Material requirements: Only concrete reinforced culverts are allowed; Owner is responsible for supplying proper bedding and backfill material at time of installation.
- Driveway width shall be between 12' and 24' for residential; between 24' and 35' for commercial.
- Use stakes to show desired location of culverts.
- Owner will be notified when the City approves culvert size for owner to purchase of culverts.
- New driveways must be paved between the street and the property line with either asphalt or concrete (Ag Use exempt).
- Inspections will be performed after culvert is set and after paving is completed.
- For culverts along State maintained roads contact the State of Texas Department of Transportation.
